SolShare 2 – G99 Declaration of compliance

Revision: B1
Date: 21 August 2026
Standard Reference: EREC G99

Equipment Identification & Scope

This document serves as the formal declaration and confirmation of compliance for the SolShare 2 device with the relevant clauses of the Energy Networks Association (ENA) Engineering Recommendation (EREC) G99. This assessment verifies the product's suitability for installation on United Kingdom distribution networks.

- **Manufacturer:** Allume Energy
- **Product Name:** SolShare 2
- **Model Number:** SOLSHARE-2.0-UKIE
- **Equipment Type:** Power Generating Module Sharing System

The SolShare 2 (SOLSHARE-2.0-UKIE) device has been rigorously tested and independently verified by ISO 17025 accredited laboratories to ensure conformity with all applicable G99 requirements.

EREC G99 compliance matrix

Clause	Compliance status
7.8.1	Not Applicable – Contextual Definition
7.8.2	Not Applicable – Contextual Definition
7.8.3	Site Level Requirement (Out of Product Scope)
7.8.4	Yes - via trained system designer & installer
7.8.5.1	Site Level Requirement (Out of Product Scope)
7.8.5.2	Yes
7.8.5.3	Yes
7.8.5.4	Yes
7.8.5.5	Yes
7.8.5.6	Yes
7.8.5.7	Yes
7.8.5.8	Yes
7.8.5.9	Yes
7.8.5.10	Yes – via trained system designer & installer
7.8.5.11	Yes – via trained system designer & installer
7.8.5.12	Yes – via trained system designer & installer
7.5.3	Yes – via trained system designer & installer

Upon request a formal data pack containing all evidence of SolShare functionality and independently verified test records can be provided. A Non-Disclosure Agreement may be required before the data pack can be handed over. DNOs can use this information to assess whether the SolShare 2 equipment can be installed on their networks.

Functional Demonstration

Following on-site functional demonstration on 4th August 2026, attending DNO representatives were satisfied that SOLSHARE-2.0-UKIE conforms with the applicable EREC G99 requirements for installation. Prior to this demonstration they undertook a review of the SolShare 2 device, installation practices, and associated documentation.

Attendee	DNO / Organisation	Position
Andy Hood	National Grid Electricity Distribution	Development Engineer, Network Design
Seth Treasure	National Grid Electricity Distribution	Policy Engineer (System Design & Power Quality)
Tilon James	Northern Powergrid	Protection Engineer

Manufacturer Declaration of Compliance

I hereby confirm that the product identified above complies with the stated clauses of EREC G99 and that the information provided is accurate and fully supported by internal quality assurance and third-party testing.
