

# SolShare Installation Partners

## Online Training Modules

vA1

Allume offers free online training for solar installers and other technical personnel interested in learning more about Allume’s SolShare product, or looking to participate as a SolShare Installation Partner.

This training is online, on-demand and free. Progress can be saved so the training does not need to be undertaken all at one time. This is provided by Allume via the [Talent LMS training platform](#).

### TRAINING MODULES ON OFFER

Allume offers a range of training modules to suit different members of your team:

Course	Description	Intended Audience
Introduction to Allume & SolShare	<ul style="list-style-type: none"> <li>Who is Allume?</li> <li>What is the SolShare?</li> <li>How does the SolShare fit into larger solar systems?</li> </ul>	Everyone (including sales)
